Master Gardener Volunteer GARDEN ADVICE PROGRAM

Master Gardener Volunteer site visits are for residential property residents in Kent Co.

Master Gardeners focus on cultural conditions, management and plant selection in the landscape. The volunteers do not render landscape designs, landscape engineering, tree removal hazards or other specialized advice covered by professional, certified or licensed experts.

A Kent County staff member will contact you to make an appointment for the site visit based on your schedule and Master Gardener availability and location. Please give us at least two weeks' notice.

A team of two or three Kent Co. MG's will visit your garden and help you find solutions to horticultural challenges. The team will spend up to two hours on-site. A written report containing specific recommendations will follow in the mail.

No ongoing commitment is implied for any services beyond the consulting service being offered. Cooperative Extension of Kent County does not endorse any horticultural service or brand.

COST: The fee is \$100.00, payable at the time of service. Please make checks payable to Kent County Master Gardener Association. If you have any further questions, please call the extension educator at 302.857.6438.
