

Tips to Grow Sweet Peppers in Delaware

*Sweet peppers are sweet and have more than twice the vitamin C of a green pepper.
Bell peppers are a good source of Vitamin A.*

- o Peppers love the sun, so be sure to pick the sunniest location in your garden.
- o Plant at the right time.
- o Peppers need their space.
- o Water, mulch, and stake.
- o Avoid stunted plants.
- o Add calcium.
- o Be patient with your plants.
