

Smart Manufacturing Research Experiences for Undergraduates (SMREU) June 13 – August 12, 2022

Current undergraduates in STEM majors can gain paid research experience in smart manufacturing at Drexel University.

In 2021 SMREU will be offered on-campus, if the COVID-19 pandemic permits. Otherwise, SMREU will be offered remotely.

Students will receive:

- 9 weeks of research training
- Professional development opportunities
- Free housing on Drexel's campus (*if on-campus*)
- Total stipend of \$5,500

Who may apply?

- Current BS, BA, AS or AA students in engineering, physics, chemistry, computing, or related disciplines
- Citizens and permanent residents of the U.S.

sm-reu@drexel.edu

**Rolling application
through March 1, 2022**
