

# OBSERVATORY OPEN HOUSE

Following an astronomy presentation (see topic below), we'll visit the observatory and look through the telescope.\*.

Find out about  
planets, stars,  
galaxies, and  
the universe!

Meet at:

Science Center South, Rm. 223  
Delaware State University  
1200 N. DuPont Highway  
Dover, DE 19901

*Come to the  
observatory, and  
look through the  
telescope!\**  
\*Weather permitting

## Nov. 7, 4:30 PM

### "How Big, How Far"

Take a journey from Earth out to the most distant reaches of the known universe. Various types of rulers and clocks — tools we use on a daily basis to explore our neighborhood and our world — will be used to explore unfamiliar regions of the universe. We will explore the different worlds of our solar system, other stars, the Milky Way galaxy, other galaxies, and the universe on the largest scale.

COVID Requirements: Submit a negative test result within 7 days prior to arrival; have proof of vaccination; face masks required (covering both mouth and nose); Campus shield for visitors: (<https://portal.publicsafetycloud.net/manage-self-assessment/delaware-state-university>)

For more information, contact:
